

*Dear Clients & Friends of Cornerstone:*

*This month we want to introduce you to the [mySocial Security](#) website. Planning for your retirement begins with reviewing and verifying that the information Social Security Administration has on file for you is accurate - even if your retirement date is far into the future. The website gives you the opportunity to keep track of your earnings each year, get an estimate of future benefits, and to manage your benefits once you retire. A recent enhancement also allows retirees to reprint their SSA-1099s for tax purposes. This information is important to us as well as we will use it when creating or updating your retirement plan.*

*We believe that everyone should set up their [mySocial Security](#) account, and we encourage you to forward this email to your friends and family who may not be aware of the website or the importance of planning now for their future retirement.*

*If you would like to refer back to any previous newsletters we have published, you can find them on our website. Please be sure to visit [www.ccadvisors.com](http://www.ccadvisors.com).*

## **mySocial Security**

The Social Security Administration is excited to offer a new online service to help people who receive Social Security benefits have the information they need to file their tax returns. If you didn't receive or misplaced your SSA-1099 or SSA-1042S, you can now use an online [mySocial Security](#) account to get an instant replacement for tax purposes.

Setting up an account is easy, secure, and convenient. You just need to go to [www.socialsecurity.gov/myaccount](http://www.socialsecurity.gov/myaccount).

Getting your replacement SSA-1099 or SSA-1042S is just a few minutes away with your **mySocial Security** account. Learn what else you can do with a *my* Social Security account at [www.socialsecurity.gov/myaccount](http://www.socialsecurity.gov/myaccount).
